## TESTIMONIALS

*We recently went through an accreditation site visit and CORE was the focus of many discussions by the site visitors. The examiners were extremely impressed with CORE's utilization in supporting the site visit process.*

*We were looking for a clinical learning management system that fit our needs. We had tried other vendors, but they felt clunky and over-technical, and they lacked the support we needed. CORE ELMS solved all of those issues for us in a single switch. Our Physician Assistant program has been ecstatic with CORE ELMS, its features, and its team. Their attention to the individual needs of our program is unmatched as we continue to grow as a successful program.*
