"I have to tell you that our Client Success Representative has gone over and beyond to support and assist Texas Southern University College of Pharmacy and Health Sciences. She has completely exceeded my expectations through the process when I am needing assistance with CORE ELMS, and I couldn't be more appreciative. From the very beginning she has been easy to work with and continues to be a helping hand with any questions and concerns that I may need. She makes working with your team a stress-free process and she makes sure that my experience as a coordinator with your team runs smoothly. She really is amazing! I'm sure you know what an awesome person she is...but for those days that you need a reminder, just keep this note handy and know that she has made a difference in the lives of the Office of Experiential Training at Texas Southern University."
