Benefits of Full Institutional Adoption

ABOUT CORE

For colleges, universities, and health systems preparing the next generation of health science professionals, our comprehensive ed tech suite eliminates complexities while providing an unmatched user experience.

With our software that simplifies, savvy support team and scalable solutions, hundreds of health sciences programs trust CORE to help manage their experiential/clinical education and student assessment and career readiness needs.

Software that Simplifies

Simplify your experiential and clinical education programs and student assessment processes by driving efficiency, transparency, communication and tracking across them. Our easy to use web and mobile based platform supports both learners and administrators.

Savvy Support Team

Our support team is with you every step of the way - from implementation to training to helping you with the day to day. Receive a white glove experience all at no additional cost to you! With clinicians on staff, we are familiar with the nuances of health science programs.

Scalable Solutions

Invest in a platform that is scalable across all your health sciences programs and eliminate the need to have unique solutions for Pharmacy, Nursing, PT, OT, etc. Our ed tech suite is built to accommodate the needs of various experiential and clinical education programs.

OUR SOLUTIONS CAN EASILY SCALE ACROSS ALL HEALTH SCIENCES PROGRAMS, PROVIDING MULTIPLE BENEFITS ACROSS YOUR PROGRAMS

1

COST EFFECTIVE INSTITUTIONAL PRICING

We understand that the operational costs of adding new technologies can add up quickly and that's why we offer institutional pricing structures to ensure savings.

2

DEDICATED SAVVY SUPPORT TEAM

We ensure you have a dedicated client success manager assigned to your College/University so there is one point of contact to help you with the day-to-day.

3

INSTITUTIONAL REPORTING CAPABILITIES

Streamline tracking and reporting across your multiple programs to provide consolidated views to the Dean.

4

TRAINING & COMMUNICATION ACROSS ALL PROGRAMS

Enjoy efficiency in training as all teams will be trained on the same product - share best practices across groups.

5

INSTITUTIONAL SET UP FOR SHARED SITES

If a site or preceptor works with multiple programs, they have one CORE ELMS account (vs having to manage multiple logins, etc).

6

CONSOLIDATED SITE CONTRACTS

Consolidate contracts across all programs making it easy to manage internally.

COST

We understand that the operational costs of adding new technology can add up quickly. Our implementation team can efficiently work on all programs at one time ensuring a smooth, low cost process.

Additionally, CORE offers cost effective institutional pricing structures to ensure savings from start to finish.

COLLABORATION

We are your partners in this endeavor. Our implementation and client success team will be right by your side through every step in the implementation process.

You can expect to enjoy the responsiveness of a dedicated client success manager who will take the time to have a deep understanding of your institutions needs.

CONVENIENCE

By Implementing the CORE Technology Suite across multiple programs you will experience more efficient communication, tracking, and reporting.

Additionally, our client driven development team is always working on new features, requested by clients, to improve the operation experience with our solutions.
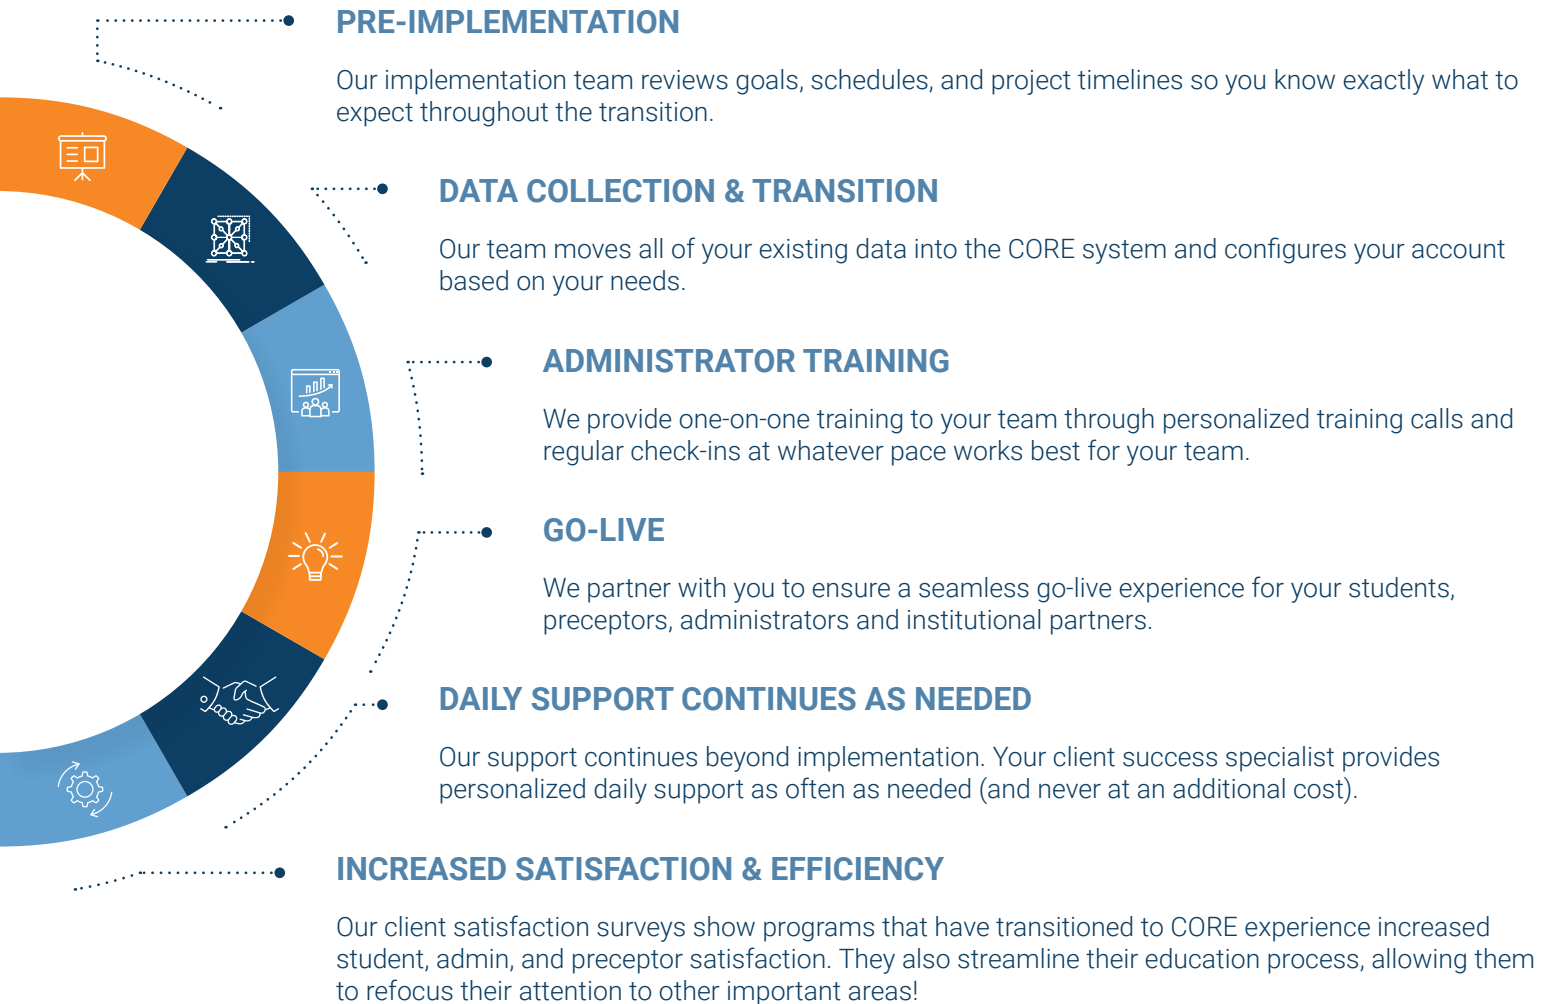

"As a large institution with several campuses and multiple programs, we require a software system that is flexible, customizable, and robust. The level of capabilities and features within CORE checks all these boxes and supports our multiple programs efficiently."

Segar Annamalai
Chief Information Officer
American Career College / West Coast University

OUR IMPLEMENTATION TEAM HAS TRANSITIONED OVER 350 PROGRAMS TO CORE SOFTWARE!

PRE-IMPLEMENTATION

Our implementation team reviews goals, schedules, and project timelines so you know exactly what to expect throughout the transition.

DATA COLLECTION & TRANSITION

Our team moves all of your existing data into the CORE system and configures your account based on your needs.

ADMINISTRATOR TRAINING

We provide one-on-one training to your team through personalized training calls and regular check-ins at whatever pace works best for your team.

GO-LIVE

We partner with you to ensure a seamless go-live experience for your students, preceptors, administrators and institutional partners.

DAILY SUPPORT CONTINUES AS NEEDED

Our support continues beyond implementation. Your client success specialist provides personalized daily support as often as needed (and never at an additional cost).

INCREASED SATISFACTION & EFFICIENCY

Our client satisfaction surveys show programs that have transitioned to CORE experience increased student, admin, and preceptor satisfaction. They also streamline their education process, allowing them to refocus their attention to other important areas!

"Another huge plus we've been experiencing with CORE is that they provide one-on-one customer support. Even if there's something in the system we're unable to figure out, we have someone at CORE we can contact to get our questions resolved quickly. There have been instances where I email them and I have an answer in as little as 20 minutes."

Amanda Moreau, MSN, RN
Coordinator of Clinical Placements & Clinical Instructor
UConn School of Nursing
